申诉信的套路分以下 5 步走：

1.道歉承认过失表明诚意

2.将问题逐条清楚列出分析

3.依照问题顺序提出改进方式

4.以加强语气强调改进的决心

5.表达想要收到回信的迫切

申诉实操步骤分解

首先：我们来了解一下如何对已经关闭销售权限的亚马逊账号进行申诉呢?

01 搞清楚是什么原因导致你的账户销售权限被移除

账户销售权限被移除以后亚马逊一般都会发一封 Notification 给卖家，卖家可以通过这封邮

件得知准确的原因，到底是因为账户表现差，还是违反亚马逊的销售政策或者销售了平台禁

售的产品等。

02 评估你过往的销售操作

检查下你的客户指标，找出那些给客户带来差的用户体验的订单和不达标的的参数；同时也

检查下你账户目前的产品 Listing，看看这些产品有没有那些违反亚马逊的政策（比如侵权

或者假货之类）

03 创建一个补救的行动计划

写一个行动计划概括一下你在 Step 2 中发现的与账户销售权限被移除有关的问题，提供一

个能够有效解决相关问题的精确的行动计划可以很大程度上恢复你账号的销售权限。

04 把你申诉的内容发给亚马逊

补救的行动计划创建写完后，将其发送给亚马逊希望其恢复您的卖家销售权限。

接下来，是关于亚马逊产品品牌侵权申诉的邮件模板。

侵权出现的情况以及整改方向：

情况 01：店铺 listing 的标题、描述、图片、五点描述和关键词

整改方向：

第一步：检查以上提到的产品描述相关关键点，承诺以后不会再有品牌侵权的错误（即陈述

自己的行动）。

第二步：如果发现任何侵犯知识产权的产品或清单，我们将销毁这些产品或删除这些清单。第三步：承诺以后会认真注意和学习平台的所有政策和规则。日后上架产品，会先核实知识

产权问题，确保产品不会违反任何其他卖家的品牌权益或专利权益，或复制他人的标题、图

片和描述。

情况 02：留意所有在售的产品

整改方向：

第一步：如果有顾客反馈不满意或投诉产品有问题，我们承诺会在 XX 小时内帮客户解决问

题，为客户提供最好的购物体验（让亚马逊相信你是为客户着想）。

第二步：日后出售的产品将由自己亲自设计商标和设计产品包装，向亚马逊保证产品都是真

实的，而不是直接从供应商渠道直接采购，以防止任何可能出现的商标侵权和包装设计侵权

的情况发生（如果有条件的话）。

第三步：如果有任何销售问题，我们将尽快向亚马逊寻求帮助，而不是盲目销售，避免再次

触犯亚马逊规则。

邮件模板：

第一部分：对亚马逊通知表示感谢

Dear Amazon seller support, Thank you for your concern of our account.

第二部分：表明经过反思已经找出了问题的原因，表示歉意

亚马逊跟卖申诉、亚马逊卖违禁品申诉

这两种情况写作套路和前面介绍的两个类似，如果真的是存在跟卖或者销售违禁品的情况要

承认错误，找出原因，表明整改意愿和整改措施。如果错在什么误会也要在邮件中尽量阐释

清楚。

不过在这里提醒大家卖仿货卖假货属于严重的平台违规行为，即使是按照要求申诉后账户销

售权限恢复的情况也不是大家想象中的那么乐观，所以大家在上架产品或者跟卖其他卖家产

品的时候一样要慎重！

亚马逊被关联申诉

关于亚马逊被关联申诉的情况，模板同样和上诉几种情况类似，主要是下面这些**要点：**

第一部分：强调你只有一个卖家账号，并且账号的行为表现良好，并没有违规的几率，而且

还是优质卖家，也可以举些例子，比如说自己的产品很受欢迎，销量好、五星 review 很多

之类的情况说明一下。

第二部分：试着提出重新核查或者告知关联了什么账户才导致被封号。

第三部分：最后保证你会严格遵守亚马逊的规则，提供更好的服务和商品给顾客。

我们还需要注意的是，如果卖家的账户和违规账户关联，那么现在这个账户也会死掉（被永久移除销售权限），关联问题申诉基本无望，被关联基本就可以放弃抵抗了，抵抗成功率微

乎其微，这种关联比卖仿货卖假货更可怕。如果是卖家的账户和买家账户关联，有很大的概

率申诉成功。

注意：这些模板只是提供给你一个申诉思路，生搬硬套是不会真实的表达出一个人的真情实感的。所以不要直接摘抄，直接模仿，你的邮件内容反映出来的内容必须是真诚、诚恳、有说服力的，制定的计划必须是切实可靠的，邮件不必太长，一个人的接受能力有限，亚马逊工作人员也是，所以懂得什么是重点很重要。

一个账号从注册开通到成长再到稳定，是一个漫长曲折的过程，作为卖家都应该知道， Amazon 平台是一个倡导诚信经营的网站，任何一个小的操作不当都有可能导致账号夭折。 因此尊重平台规则，注重销售产品品质，处理好售后是买家的长久生存之道。 亚马逊申诉途径和时间

亚马逊申诉时长亚马逊申诉一般需要多久呢？亚马逊不回复申诉邮件怎么办？

其实待回复的时间不会太长，一般 2 天之内就会有回复；如果收到的回复是处理方案不完整，那就继续补充完善方案吧；如果亚马逊要求你重新修改行动计划，可能需要 3 周之后才能得到回复；要是超过 7 天没有回复申诉邮件，可再发一次申诉。

卖假货被移除销售权

尊敬的亚马逊卖家绩效团队：

我收到亚马逊的通知，说因为出售假冒产品而取消了我的销售权，我立即查询了亚马逊列出的几个产品。

首先作为一名刚在亚马逊上销售没多久的卖家（该账户正式开始销售于 2016 年 6 月份），我们缺乏对亚马逊规则的认知，没有认真去了解亚马逊的规则和违禁品。

其次，在亚马逊提出的几个 XX 产品里，我们销售团队在中国市场的中国天猫/淘宝电商平台上均进行了销售，并且已经取得了 XX 公司的授权。由于我们海外销售时间短，缺乏经验，没有很清楚的去了解亚马逊的规则，对于这一点我们团队感到很抱歉，我已经删除了亚马逊提出的几个产品，并保证永久不会再次销售。我们团队第一次入驻亚马逊欧洲站进行销售，在中国市场我们有很好的销售业绩和口碑，希望亚马逊卖家团队能考虑我们希望在亚马逊欧洲站继续销售的真诚，恢复我们账号销售权。（我们团队可以保证，已经销售和发运的 XX 产品均是正品行货，如后期有客户投诉说产品是假货，我们愿意无理由赔偿）如果恢复我们团队的销售权，我们后期销售计划如下：

1：首先我们会很认真去阅读学习和了解亚马逊的详细销售规则以及销售产品范围。

2：认真检查核实库存以及我销售的产品是否存在不符合亚马逊要求的产品，一旦发现将立即删除，并永久不会再次出售。

3：检查账号所有卖出的产品，如果客户反映任何不满意或者产品问题，我们将在 12 小时内为他们解决问题。

4：对于后期出售的新产品，如果有不确定的信息，我会立即咨询亚马逊，不会盲目任意的去销售。

附件中我提供了我们向 xx 公司的采购合同及发票（2016 年 4 月）中国天猫店铺网站：xxxxxxxxx

以上是我们团队对这次亚马逊取消我销售权作出的应答。我希望亚马逊能够再次提供给我们 一个改过的机会。我们将以最大的努力和最认真的态度去从事以后再亚马逊上的销售工作

因账户表现差被移除销售权

因迟发货被移除销售权

【邮件内容】

首先由于我们的疏忽，深表歉意，总结了一下主要有两个原因造成：

1、混乱的管理模式， 缺货，通过 ERP 发货，与客户沟通不足，还有选择错误的物流方式才导致迟发率高于 4%。2、由于现在中国是物流旺季，导致爆仓严重，才导致先收货没有及时发货的情况。

如果恢复我们的销售权，我们会做以下几点：

1、为了避免这种情况在发生，我们后续将会 100%选择 FBA， 不会选择其他渠道，我们已经有一名员工专门负责 FBA。

2、实现我们的目标不到 4%准时购物，我们有准备 FBA 货物雇佣更多的员工。此外，我们将更积极地监控我们的性能指标，以确保我们达到亚马逊和我们自己设定的标准标准的客户服务质量和维护我们的网站。

3、最重要的是，如果我们 FBA 出售货物,不会有货物迟交。而且，客户将获得一个完美的购物体验。所以，出于这个原因，请给我们一个机会,活跃我们的帐户。因为我们已经发现 FBA 是最好的方法来解决这个问题(货物迟交)。

4、严格遵守亚马逊规则&政策。

真诚地，我们写这篇文章。我们将尽力提供我们的销售在亚马逊。

我们只是在等待出售权的释放，我有足够的信心，我们在未来会做得更好，我们承诺它不会再次发生，请给我们一个机会。

真诚期待回复!

因迟发货被移除销售权

To whom it may concern,

We are contacting you regarding our seller account suspension. We realize the delays in shipping orders has not complied with Amazon's performance target of less than 4%, nor our target of less than 2%.

We have reviewed our fulfillment procedures and have determined the two areas that need to be addressed:Shipment Creation and Inventory Availability.

We realize we needed additional support for managing fulfillment for our Amazon orders. To achieve our goal of more than 98% on-time shipping， we have added additional staff to support the sales person in our retail store who handles Amazon fulfillment. This will allow us to have packages prepared and ready to ship more efficiently.

To address inventory availability issues we have consolidated our Amazon inventory into one location to speed shipment creation. Having all Amazon inventory at one location will eliminate delays in getting product out by the Expected Ship Date.

Thank you for considering this appeal.

迟发货+缺货+回复客户慢收到 A-Z

I understand that recently our performance as a seller on http://Amazon.com has fallen below both Amazon's and our own standards of quality.

I believe there are two main reasons this has happened:

Disorganization in our inventory management has resulted in late shipments and, even worse, unavailable items.

When late shipments and unavailable items have occurred our response to has been too slow and communication with customers has not been adequate.

I believe it is mainly because of our inadequate communication that we have recently seen an increase in customer A-z guarantee claims which has resulted in our order defect rate exceedingthe performance target of <1%.

Plan of Action:

We are taking the following steps to improve our performance:

Improve inventory control by reducing the number of items offered until we have systems in place to more adequately handle the number of orders we are receiving.

Most importantly, we will respond more quickly and proactively to any problems with customer orders to keep our customers more informed and help prevent A-z guarantee claims.

In addition, we will more aggressively monitor our performance metrics to assure we are meeting the standards set by Amazon and our own standards of quality customer service.

In evaluating our selling practices, we found a mistake in our inventory upload file.

Our Plan of Action:

Our inventory file has been reviewed. All misclassified condition items have been re-categorized to follow Amazon's Condition Guidelines.

Entire inventory has been deleted from Marketplace to reflect all changes.

All of our vendors' inventory will be reviewed before adding to our inventory. Please let us know what should be done to reinstate our account, we are looking forward to hearing from you.

回复买家不及时+产品损坏+加退换货时间太长

收到 A-Z，被冻结账户

Dear Seller Performance Team,

Thank you for your concern of our account. Before receiving the performance review notification,

we were exactly working with the customers to resolve their problem.

We firmly believe that we're not only providing the product but also the customer service.

Firstly, we're very sorry about our negligence of packaging, and the incaution of carrying and transporting by logistics company which result in defective working condition of one item, we had to ship the replacement but had the customer waiting more time for delivery, they are kind but we are sorry. （讲清楚没包装运输过程中导致产品损坏，退换货时间长让顾客等很久，

自己很抱歉）

Secondly, the incaution of testing and checking up by the tester in factory result in missing

indicator light covers of one item, which in normal working condition but give customer defective impression of the product, we had contact with the customer and shipped the missing element, and sorry to bring him inconvenience. （发货前的出厂检查不够细致收到的产品缺零部件）These are our faults due to lack of strict management of the product and service providers.

Thirdly, we're new to Amazon selling and lack of familiarity with the rules and message system using, which result in missing timely response to 4 messages from the buyers on our months ago arranged long holiday, it was supposed the messages would notice timely on mobile phone email system to us but it didn't work, we promise this would never ever happen again to the customers.

（没有及时回复顾客信息）

We would like to earnestly beg your consideration about the feedback of other items received by other buyers, some of them had left positive feedbacks and reviews to the product and admired
our customer service. We promise to provide customers both good products and good customer service.

If we have the chance to continue selling on Amazon, we will do as follows:1. We will ask the factory to execute stricter checking up and testing process for our products, and request every confirmation and signature of testing result for every product from the tester in factory. We self will execute sampling check for different production batch and regular visit to production line of the factory every week. Make sure we ship out every item in integral and good
working condition.

2. We will ask the factory to package with stronger crash proof and shockproof measure, like filling in the blanks with proof foam and

wrapping up with hard carton. Change the logistics service provider with better transporting service.

3. We will keep login in the Amazon seller center on PC and check out buyer message at least

three times a day, to ensure promptly response to the customer with 12 hours. And passionately handle any queries or complaints or product issues from every customer, will keep notice customer forwardly for the tracking information of the transporting package. To improve the customer experience by pre-sale, in-sale, after-sale process.

We write this sincerely and will try our best to provide good products and customer service on Amazon. Meanwhile, we sincerely hope Amazon team will give serious consideration and give us a new chance. This is not only chance but also hope to us, we eagerly hope we can further develop our undertaking here. Look forward to hearing from your reply. Thank you very much.

Dear Amazon Seller Performance Team,

We understand that recently our performance as a seller on http://Amazon.com has fallen below both Amazon's and our own standards of quality.

I believe it is mainly because of our inadequate communication that we have recently seen two A-z guarantee claims which have resulted in our ODR exceeding the performance target of <1%.

Unfortunately, we changed the Listings Status to be Inactive from 23/01/2014 to 06/02/2014 because of a long vacation, obviously,the two complaints are nightmare during the period without order.

Plan of Action: We are taking the following steps to improve our performance:

1. Review all of products to make sure that the pictures and descriptions are accurately match with our products.

2. Most importantly, we will complete the investigation more quickly and proactively（within12 hours） to any problems with customer orders to keep our customers more informed and help prevent A-z guarantee claims as much as possible, then replacement or a full refund will be done within 24 hours

3. In addition, we will more aggressively monitor our performance metrics to assure we are meeting the standards set by Amazon and our own standards of quality customer service.

Dear Amazon,

We received your notification about that our selling privilege was removed due to we misusing the ASIN variations and we have not sent you an acceptable plans to address the problem with our account, but actually, we did take actions to resolve the problem after received your warning, and email you about that; on 2018/06/02, we received your respond about that you appreciated our effort to comply with Amazon selling policy.
The following are the detail and POA that we made to resolve the problem and prevent misuse ASIN variations similar violation in the future, please kindly check it, we promise that we did not let this issue happen again in the future;

--Adding children products that are not true variations of the parent product
-- Changing the patent product's detail page so it does not match the children.

The issue that caused the complaints:
Our mistake is that we used clothes category to upload our goods for phone accessories , due to we cannot choose colors variations from the phone accessories category. This mistake was made by our new staff who just worked at our company for a week.

Immediate Actions we taken
1, our sales manager checked all our on-line listings one by one , any one which has been violated the rules of Amazon has been removed, please kindly check the some details as follows :

ASIN	Item	Problem	measure
[redacted]	Phone case	Incorrect variation	Removed it
	Phone case	Incorrect variation	Removed it
	Phone case	Incorrect variation	Removed it
	Phone case	Incorrect variation	Removed it
	Phone case	Incorrect variation	Removed it
	Phone case	Incorrect variation	Removed it

We listed only 6 ASIN here , but we total deleted about 12 ASIN from our inventory, we are sure there is no mistake at our variations now;

To prevent similar violation in the future, we will follow ASIN creation Policy, we learn ASIN Creation Policy again:

Matching our products to existing products in the Amazon catalog helps drive a high-quality customer experience. Matching to an existing product instead of creating a duplicate listing allows we to more fully benefit from buyer interest and traffic for that product,

The following prohibited practices are a misuse of variations (also known as parent-child relationships). If create a negative customer experience and can result in our ASIN creation or selling privileges being temporarily or permanently removed:

- Adding children that are not variations of the parent product;
- Changing the parent product's detail page so it does not match the children;
- Adding multi-pack children by bundling two or more of the same manufacturer products , such as bundling two three-packs to create a package quantity of six. Multi-pack children must be packaged by the manufacturer. If a customer wants to buy two or more of the same product , they can select that quantity for purchase.

Here are things to keep in mind to help ensure we create the relationship correctly:

1, Parent/Child Relationship
Every variation relationship includes a parent and a number of unique children. The parent can be thought of as a non-buyable "umbrella" which connects the different variation children. When you create a variation relationship, you use a parent SKU as this umbrella for your products. The parent SKU should represent the core product. Do not include any child-level information (size, color, UPC) on the parent SKU.

2, Variation Themes
Variation themes are the way that Amazon systems determine how a set of products vary. The theme is set only on the parent and all children must have valid values for the attributes corresponding to the parent's theme. Examples of variation themes include Color/Name, Size/Count, Color, Style, Scent, etc.
The relationship we create is a relationship between your specific SKUs. When you submit your product information, Amazon will use the relationship information that you provide in connection with the information provided by other sellers of the same products to determine the specific relationship that is presented to customers. This means that the information displayed on the site may vary from your submitted relationship. The SKUs in your inventory however will reflect the most recent information you submitted, regardless of how the products are displayed on the site.

Our plans to prevent adding children products that are not true variations of the parent product, we make some plans as follows :
1, Train our employees Amazon ASIN Creation policy, make sure them are familiar with Amazon policy, and before uploading a new listing on our stores, our sales manage will check all the contents especially the true variations of the parent products;

Our plans to prevent adding children products that are not true variations of the parent product, we make some plans as follows :
1, Train our employees Amazon ASIN Creation policy, make sure them are familiar with Amazon policy, and before uploading a new listing on our stores, our sales manage will check all the contents especially the true variations of the parent products;
2, Before upload a listing on Amazon, we will have to make sure the Parent/Child relationship, full check if this catalog support variation or not, if it doesn't support variation, we will upload these listings one by one instead of adding children products that are not true variations of the parent product;
3, We will only use the correct same variations when creating parent/child relationships. Our sales manager will check this each week for all our on line listings. Any listings will be removed once they were found in the invalid listings or variations

to product detail page or violated other Amazon policies or rules;
4, We will follow ASIN Creation Policy in the future, we will arrange employees to learn and have a test for this policy every week to make sure that this issue will not happen again.
5, Designed our new policy , our sales manager will supervise our future selling, sales manager will check each new ASIN every day for a double check to be sure no ASIN violates any rules of Amazon.

We promise that we will follow Amazon policy in the future, meets Amazon every metrics and selling policy. Please kindly consider to reinstate our selling privilege.

Thank you so much
